Dear Taxpayer:

Thank you for making arrangements to resolve your account. This is in reply to your Form 433-D dated Mar. 22, 2013, requesting a Direct Debit Installment Agreement.

We've received the information necessary to revise your installment agreement to a direct debit agreement and we'll begin automatic withdrawals of your monthly payment from your checking account. We'll deduct your payment of \$600.00 on the 17th of each month.

Before we can accept your monthly payments automatically, financial regulations require us to verify your account information.

We've scheduled your first payment to be automatically taken from your checking account on June 17, 2013. If this payment isn't automatically taken from your account as planned, please allow one more month before contacting us to report any problems.

To reduce the amount of penalty and interest you'll pay on the unpaid balance, you may send in monthly payments until we start automatically taking payments from your checking account.

When you send payments by mail, please make your check payable to the United States Treasury and write your Social Security or Employer Identification Number on it. Include with your payment a daytime telephone number where we can call you, the tax year you are paying for, and the tax form number you filed for that year.

In order to maintain your Electronic Installment Agreement, we must have current information. If you change your account or financial institution, or if your financial institution is bought by another institution, please submit a new Form 433-D with your new routing and account numbers so we can update your account on our system. You'll need to contact us 15 days prior to the due date to stop the payments from automatically deducting from your old account. Failure to notify us will cause your installment agreement to default for non-payment.
