*"A Professional
Tax Resolution Firm"*

Greetings from Landmark Tax Group

Honesty. Exceptional service. Proven results. These are the key ingredients that combine to make Landmark Tax Group a premier [tax debt resolution firm](#). With the economy still performing sluggishly, the Feds are more determined than ever to collect on taxpayers' debts, putting even more American consumers in a position to deal with the IRS. America's most powerful collection agency often uses fear-inducing tactics to force a taxpayer's hand, but taxpayers don't have to face the IRS alone. Landmark Tax Group is on their side. Since 2012, we have been putting our wealth of experience as highly skilled tax resolution specialists and former IRS Agents to work for consumers with significant [tax debt](#). Whether a taxpayer has years of unfiled income tax returns, is facing an Audit, has business or payroll tax issues, or owes a large debt to the IRS or State, Landmark Tax Group is in the business of solving their problems.

Our [IRS-licensed Tax Resolution Specialists](#) have spent years representing taxpayers and negotiating consumer-friendly settlements with the IRS. While the IRS's tactics may work on fearful individuals who haven't filed past returns, our professionals are keenly aware and have developed appropriate responses for the IRS's formulaic approach. And it all starts at the top with the CEO and veteran tax negotiation expert Michael Raanan, who founded Landmark Tax Group in Southern California. For years, not only have Michael and his team negotiated numerous beneficial settlements for their clients, they have done it with the highest standards of service available.

To that end, Landmark Tax Group has garnered the highest recognition and respect among companies in its industry, and that's because we say what we are going to do, and then we do what we say. We don't make "pie in the sky" promises we can't keep, we do our homework to determine whether each prospective client is a good fit for our services, and if a client is not a good fit, then we point the client in the right direction. If we can educate consumers and empower them to make the best choice to protect their financial futures, then we have successfully done our job, which is to best help consumers [solve their tax problems](#).

Over the past few years, a handful of high-profile nationally marketed firms – including the likes of TaxMasters, Roni Lynn Deutch (the Tax Lady), and JK Harris – have sullied the reputation of the tax problem resolution industry as a whole by employing unscrupulous business practices. However, Landmark Tax Group utilizes its own aboveboard business model and standards to ensure that each client is treated fairly and honestly, and receives the highest quality service.

To fulfill his mission as an industry leader of empowering and education consumers about their rights as taxpayers, Michael Raanan has taken to the airwaves to publicize his message and share his knowledge. He has appeared in several interviews on [podcasts and in print publications](#) in which he exposes the inner workings of the IRS and answers questions about all things taxes. Michael is always open to scheduling interviews – I look forward to hearing from you.

Sincerely,

Michael Raanan, MBA, EA

“Wow! Amazing news. [We] thank you deeply for bringing your expert insights, negotiating skills, and patience to bear on our problem—which to us seemed like some imminent doom—and for reaching such a good solution. Your personable professionalism gave us hope from the start. We felt very good in relying on you completely.”

“You appear to have moved mountains. I could not have done any of this without you. My sincere thanks. Your fee was the ‘best’ investment I have ever made.”

– Patricia C. ★★★★★

“I contacted Landmark Tax Group because I owed thousands in tax liabilities and was being hounded by the IRS and FTB [California Franchise Tax Board] with threats of wage garnishments. A wage garnishment was put in place which would have taken 25% of my income. I could not afford a wage garnishment because I am the main breadwinner and my family depends on my income to maintain the basics, such as rent and food. I had many sleepless nights and was overwhelmed with the thought of dealing with these agencies. From the very beginning, Landmark Tax Group (“LTG”) took control of the situation. I appointed LTG as my authorized representative, and from that moment forward LTG communicated with both agencies on my behalf. Not once, did I have to call LTG for an update as they kept me updated on the progress of all negotiations with both agencies. I could not have been more pleased with the results I achieved as a result of LTG’s efforts. I honestly felt LTG listened to me and understood my frustrations. Thanks to LTG I have peace of mind, and can move forward without constantly looking over my shoulder. On a scale from 1-10, 10 being highest, I give LTG a 10+.”

- Pat N. ★★★★★

“Landmark Tax Group easily gets 5 stars from my perspective. They said they would do what they could to help solve my case. They made no promises so I immediately trusted them. And bottom line, they delivered. On a side note, Michael Raanan was always available to answer any of my concerns. The attention he gave me reflected a strong sense of caring. And furthermore the knowledge he gave me will help me prevent any further issues. I can not have been more satisfied.”

- David K. ★★★★★

“Woouoooohooooo!!!! Thank you, thank you, thank you. You have done such an amazing job and I appreciate it. You have helped me so much! I had searched online for an attorney to help us and I had read the reviews your previous clients had left and that’s why I chose you. I went with my gut feeling and I’m so happy I did. I can’t say thank you enough. ”
