

"Michael and Landmark Tax Group settled my \$137,000 IRS debt for \$840. That's a fact. I originally contacted Landmark Tax Group after getting burned by two other firms, and as you can imagine, I was skeptical at best. The other two firms I had contracted were unable to resolve my tax issues but were more than happy to take my money.

"Michael's straightforward, factual approach made no promises but did offer hope in terms of a detailed plan and insight into the internal policies of the IRS. Throughout the process, Michael gave me detailed updates of what Landmark was doing on my behalf and answered all my questions. I became confident that someone was finally advocating on my behalf. I highly and confidently recommend Landmark Tax Group to anyone in need of an ethical, competent and thorough tax resolution specialist!"

"After dealing with another tax company for over 10 months who accomplished nothing for me and actually made matters worse, **Michael was a breath of fresh air!** He was courteous, prompt in answering all of my questions, and helped me figure out the best solution for my particular case. I had to learn the hard way that a one-size-fits-all solution for taxes pushed highly by certain tax companies is a bad idea!

members of my financial team and have complete confidence in referring any clients to him. He is a shining star in his field. Oh, did I mention how reasonable his fees are? Exceptional considering the amount of attention he provides."

–Marilyn J., Los Angeles, CA

"We had heard of 'Fresh Start' on the radio and I 'thought' I could take on the IRS myself with filling out some forms. I was sadly mistaken. I couldn't find any help online and then I got referred to Michael. He always answered my calls or returned them promptly. Everything was so seamless and easy. He was able to get some penalties and interest abated for us that I would have never been able to do. He was able to wipe away \$4,000-\$4,500 of what we owed the IRS. He has a way of explaining things so simply and is very patient in explaining even if he had to repeat himself!! A true professional in every sense of the word. Please feel safe with him for your taxes."
